MORNING BRIEF REVIEW

1. Log in at attendaapp.com/staff.
2. Review the **Dashboard** — check GM Notes from previous shift.
3. Note **Pending Requests** — follow up on any open over 30 minutes.
4. Check the **Callouts** tab badge — handle any before the shift begins.
5. Confirm **Shuttle Times** shows today's runs correctly.
6. Post a GM Note if you are duty manager with shift-relevant information.

CALLOUT MANAGEMENT

Access: Callouts tab

- 1. Click **Callouts** — badge shows pending count.
- 2. Review: staff name, date, reason, affected shift.

Action	When	Result
Approve	Shift can absorb the absence	Closes callout, removes from pending
Find Cover	Shift needs to be filled	Opens Schedules for that date

Finding Coverage

- 1. Click **Find Cover** → Schedules opens for the callout date.
- 2. Identify available staff not already scheduled that day.
- 3. Click **+ Add Shift** → schedule covering staff member.
- 4. Return to Callouts → click **Approve**.

A red dot on the Schedules tab date header marks dates with open callouts.

SCHEDULE MANAGEMENT

Access: Operations → Schedules

Building a New Week

1. Navigate to target week using ← → arrows.
2. Click **+ Add Shift** for each shift: select staff member (role auto-fills), set date + times, add notes. For housekeeping: check **Open end time**.

Editing Existing Shifts

1. Click any shift card → **Edit Shift** modal opens.
2. Modify fields → **Save Changes** or **Delete Shift** (red, deliberate).

Copying Last Week

1. Navigate to the week to copy from → click **Copy to Next Week**.
2. Confirm if prompted. Review and adjust before publishing.

Templates

1. **Save:** Bookmark icon → name → Save.
2. **Load:** Navigate to target week → folder icon → select → Apply.

Publishing

1. Review the week's shifts → click **Publish**.
2. Staff can now view their schedule.

SETTING TBD SHIFT END TIMES

Purpose: Set actual end times for housekeeping shifts created with open end times.

1. Navigate to **Schedules** → locate today's date.
2. Housekeeping shifts with open ends show → **TBD** in amber.
3. Click the → **TBD** badge on the shift card.
4. A popover appears with a time input — enter the actual end time.
5. Click **Set** — shift updates immediately, amber clears.

Best practice: Do this for all housekeeping staff at the end of each shift before logging off.

POSITION TO-DO REVIEW

Access: Operations → Position To-Dos

1. Click **Position To-Dos** → view the **Completion Board**.
2. Check completion percentages per position.
3. Click any position to see which items are complete vs. pending.
4. Follow up with responsible staff on incomplete items before shift end.

Managing To-Do Items

1. Click **Manage** → **+ New Item**.
2. Fill in task, position, frequency, category → Save.
3. Install community packs via **Marketplace**.

FORECAST SUBMISSION

Access: Operations → Forecast

1. Click **Forecast** → click the target date on the monthly calendar.
2. Enter: Expected Occupancy, Arrivals, Departures, Group Blocks, VIP Arrivals, Notes.
3. Click **Submit Forecast**.
4. Optional: click **Generate Shifts** to auto-suggest staffing. Review before accepting.

RIGHT ANSWERS APPROVAL

Access: Operations → Right Answers → Pending

1. Click **Right Answers** → **Pending** tab.
2. Read each submitted situation + suggested response.
3. Edit the response text if needed.
4. Click **Approve** (adds to live KB) or **Reject** (with optional feedback).
