MORNING BRIEF REVIEW

When: Daily, at the start of the GM's shift or first thing each morning.

1. Log in at attendaapp.com/staff with your Admin credentials.
2. The **Dashboard** tab loads automatically.
3. Review **GM Notes** — check if the previous manager left any carryover items.
4. Read the **Quick Stats** tiles: Occupancy / Arrivals / Departures / Pending Requests.
5. Scroll to **Pending Requests** — address any items open for more than 30 minutes.
6. Check **Shuttle Times** — confirm today's runs match expected guest demand.
7. Review the **Forecast Summary** — compare forecast arrivals to current occupancy.
8. Post your own **GM Note** if there are important items for the team.

Tip: Use the ⚙️ Widget Customizer (gear icon, top right) to show only the sections that matter to your morning routine.

POSTING A GM NOTE

1. Navigate to the **Dashboard** tab.
2. Click **Edit / + New Note** in the GM Notes section.
3. Type your message.
4. Click **Post** — immediately visible to all logged-in staff.

Examples: "Pool maintenance until 2pm." · "VIP group Rooms 201–210 arriving at 3pm." · "Fire alarm test 10am — notify guests."

REVENUE DASHBOARD

Access: Admin section → Revenue

1. Click **Revenue** in the Admin section.
2. Select a time period: **This Week** / **This Month** / **All Time**.
3. Review the three KPI cards: Total Revenue · Hotel Commission · Transactions.
4. Review the **Partner Breakdown Table** — per-partner orders, gross, commission.
5. Check the **Shuttle Revenue** row beneath the table.
6. Review the **Daily Bar Chart** — identify high-revenue days and patterns.

Action trigger: If a partner's commission shows \$0, verify they have active menu items and are receiving orders in their Vendor Portal.

MANAGING STAFF CALLOUTS

Access: Admin section → Callouts (badge shows pending count)

Reviewing Callouts

- 1. Click **Callouts** — badge shows unresolved count.
- 2. Each card shows: staff name, callout date, reason, affected shift.

Action	When to Use	What It Does
Approve	Shift can absorb the absence	Closes callout, removes from pending
Find Cover	Shift must be filled	Opens Schedules for that date

Finding Coverage

- 1. Click **Find Cover** → Schedules opens for the callout date.
- 2. Identify available staff — not already scheduled that day.
- 3. Click **+ Add Shift** and schedule the covering staff member.
- 4. Return to Callouts → click **Approve** to close.

Note: A red dot on the Schedules tab date header marks dates with open callouts.
